The International Computer Science and Engineering Conference (ICSEC) is the premier forum for the presentation of researchers, practitioners, and educators to present and discuss the most recent innovations, research, experience, trends, and concerns in the field of Computer Science, Computer Engineering, Software Engineering, and Information Technology. ICSEC2022 is organized by IEEE Thailand Section, IEEE ComSoc Thailand Chapter, and ECTI Association Thailand and hosted by the Faculty of Science and Engineering Kasetsart University, Chalmphrakiat Sakon Nakhon Province Campus. ICSEC 2022 will be held in a hybrid format with both onsite and virtual versions to accommodate all participants over three days, with special sessions and presentations delivered by researchers from the international communities, including presentations from well-known keynote speakers. Accepted full papers (4 to 6 pages) will be submitted to the IEEE Xplore database. Papers related to this conference theme include theories, methodologies, and emerging applications are encouraged. Contributions covering theoretical developments and practical applications, including but not limited to the following technical areas, are invited.

In addition, the authors of the selected papers will be suggested to submit the paper to some selected journals which are indexed by SCOPUS as follows:

- Agriculture and Natural Resources (Q2 in SCOPUS)
- ECTI Transactions on Computer and Information Technology (Q4 in SCOPUS)

The conferences will be held in Kasetsart University, Chalmphrakiat Sakon Nakhon Province Campus, Thailand, where is an enchanting city with delightful natural beauty and fascinating landmarks in the northeastern of Thailand. The technical program will focus on researches and solutions for supporting the digital economy to stabilize regional and global social development along with environmental preservation.

All papers will be presented at both an onsite symposium for people living in Thailand and an online symposium for international participants including some Thai people who cannot attend the onsite conference.
